

Company Profile

Security and Fire Equipment Services LTD (trading as Safe Services)

Safe Services have been established for 29 years and are based in Galashiels. We install and maintain Fire and Security systems throughout Scotland and North Northumberland.

WE have achieved the highest accreditation in the field of fire and intruder alarm systems with Bafe SP203-1 and NSI Gold for fire and NSI Gold for Intruder. All covering Design, installation, verification and handover.

Our systems range from small domestic systems to fully networked large commercial properties with I.P access.

Included but not limited to in our range of services are C.C.T.V, Access control, Door entry systems, Emergency lighting and tagging systems.

Our Sister Company is I.D Bureau Services (IDBS) who specialise in visitor badge systems and I.D badges.
